

This document certifies that

Regreener

has sponsored the restoration of

16,67 hectares of forest
growing an estimated 20 000 trees

In the **Copperbelt** project in **Zambia**

In addition, this will:

- Increase food security
- Improve nutrition
- Improve household income by supporting forest-friendly incomes such as beekeeping, which in turn will reduce pressure on the forests.

Thank you for Making Earth Cooler!
